

Protective Systems

APS Resource®

Your Aftermarket Solution

Sentry Rail™

High visibility and structural integrity provide needed protection throughout your facility

Features:

- Standard posts available in double rail (42”h) and single rail (18”h)
- Posts are 4” square high strength steel with a 5/8” thick baseplate
- Withstands 10,000 lb. load at 4mph
- Optional Swing Gate. Lift-Out Rail and Offset posts available
- Heavy duty steel construction with powder coated yellow for high visibility and lasting durability

Optional Swing Gate

Optional Lift-Out Rail

Sentry Rail-LT™

High visibility and structural integrity provide needed protection throughout your facility

- Heavy-duty steel construction with powder coated safety yellow for high visibility and lasting durability
- 42” double rail meets OSHA standard for fall protection systems
- Lift out rail design provides quick and easy access to protected areas
- 8’ rail sections can be cut to custom lengths in the field

Impact-A-Track™

The Impact-A-Track is a cost-effective protection solution for sectional door tracks. Its' design helps keep damage in high traffic areas of the warehouse from forklifts, pallet jacks and other equipment to a minimum.

Impact-A-Track Reflect™

Features:

- High-visibility, reflective yellow safety strips
- Wrap-around design allows for easy door operation
- Anchors to wall to avoid drilling into the floor
- Compatible with photo eyes
- Impact, rust and moisture resistant
- Can be installed on 2" and 3" track
- 36" length
- Low-profile design does not impede on door opening
- Constructed of Ultra High Molecular Weight Polyethylene (UHMWPE)

Impact-A-Track LED™

Features:

- LEDs are protected from damage
- Wrap-around design allows for easy door operation
- Anchors to wall to avoid drilling into the floor
- Compatible with photo eyes
- Impact, rust and moisture resistant
- Three phase communication with vehicle restraint
 - Red LED: restraint not engaged
 - Green LED: restraint engaged
 - Amber LED: override

Trak-Sentry™

Trak-Sentry wraps securely around the door's tracks without interfering with normal door operation

- Heavy-duty steel construction with powder coated safety yellow for high visibility and lasting durability
- Offers maximum protection for your overhead door tracks
- Sold in pairs- available in 3/16" (standard duty) or 1/4" (heavy duty) thick steel
- Standard size 48" and custom templates available

Z-Guard

This compact system takes up less valuable floor space by eliminating the base plate

- Heavy-duty steel construction with powder coated safety yellow for high visibility and lasting durability
- A cost effective solution to protect your overhead door tracks
- Sold in pairs- available in 3/16" (standard duty) or 1/4" (heavy duty) thick steel
- Standard size 48" or 30" and custom templates available

Column Protectors

Protects I-Beams from forklifts and other equipment. The heavy-duty steel construction completely surrounds I-Beams and absorbs impact. Safety yellow finish is epoxy-based, heat-cured and has a powder coating that's designed to prolong life and durability.

Poly-Barrel Column Protector

- Impact tested to handle a 8,500 lb forklift at 5 mph
- UV inhibitors
- Deflect impact and guard against damage caused by forklifts, hand trucks drum dollies and personnel traffic
- Attach two halves with easy-to-install black straps; no tools required
- 6", 8", 10" or 12" round or square columns, 42" high, 40 lbs
- Optional red coating for fire hydrants

Steel Column Protector

- Powder coated safety yellow finish is epoxy-based and heat-coated that is designed to prolong life and durability
- Complete with concrete and assembly hardware
- For 8"-10" I-Beams, 42" high, 150 lbs
- For 12"-14" I-Beams, 42" high, 205 lbs
- Custom sizes available

Fork Sentry

A heavy-duty barrier to protect machinery and personnel from lift truck traffic. Rugged construction barrier provides safety to company assets

- Heavy-duty, gusseted, 8" high construction
- High visibility safety to machinery, personnel and company assets
- Protects from lift truck and fork damage
- Various sizes available

Rack Protectors

End of Rack Protectors

- Helps protect rack from damage
- Constructed of rugged steel plates
- High visibility safety yellow powder coating
- Available in various heights and lengths

Rack Post Protectors

- Helps reduce potential injury from rack damage
- High visibility safety yellow powder coating
- Sizes: 12", 18", 24" and 36"
- Fits 4" columns, custom sizes available

Drain Pipe Protectors

- Heavy-duty steel construction with powder coated safety yellow high visibility and lasting durability
- A smart investment to eliminate damage to unprotected drain pipes in the busy industrial area
- Two versatile models available: wall mount & I-Beam mount
- Absorbs and dissipates direct impact

Pipe Bollards

- Protection for loading docks, door jambs and other in-plant areas susceptible to a moving vehicle collision
- Available in heavy-duty 6" or 4" pipe
- Powder coated safety yellow for high visibility

Bollard Covers

- Enhance your property's appearance without costly painting or clean-up
- Fit securely over existing bollard posts
- Constructed of 1/8" thick, high density, UV stabilized polyethylene for durability and long life
- OSHA yellow; enhances visibility with red or blue reflective stripes
- Various sizes available

APS RESOURCE'S COMPREHENSIVE LINEUP INCLUDES:

airDefense® Retro Fit Kits	Impact-A-Track Reflect
APS&GO-LED™ Safety Light Systems	Impact-A-Track LED
APS 2000® Rotating Hook Vehicle Restraint	Kelley Atlantic Brand Service Parts
ATC - Air Conversion Kit™	Kelley® Brand Service Parts
